The Civil Air Patrol pulled out of Grayling Friday afternoon after receiving word from the Coast Guard that clothing and plane wreckage was recovered from Lake Superior, 44 mile from Sault River, about 22 or 23 miles east of Marquette. Nicknames are a "must" in most sports and many major league organizations have had their share of monikers. The Chicago Cubs, for instance have been known in the past as the White Stockings, Colts, Bronchos, Balmakers and Cowboys. The Brooklyn Dodgers have from time to time been referred to as the Superbas, Bridgebros, Kings, Robins, and "Trolley Dodgers."

Field hockey is the most popular sport in India, with the game being played in practically every corner of the country. It is not as popular in the United States as it is in India. Researchers have concluded that the average athlete is at his peak between the ages of 27 and 29 and that in many cases the lungs slow down athletic activity long before the legs begin to slow down.

Flower Gardens About The County

By Polly Mikosell

There's a garden on the north down river road just about a mile outside of town that has presented a lovely picture all summer, but which really comes into its own in the late summer. It surrounds the home of Mr. and Mrs. Leo Isenbauer.

The house is set in the center of a large expanse of well-kept lawn. The front of the house, which is a two-story affair, is on the north side, and is covered with Virginia creeper, and entwined in the vine at one corner are some double pink roses. Farther out in front of the house are enormous clumps of perennial phlox, in pink and pinkish lavender shades, making a sort of gateway to the front door. All around the house, planted close to its base, are masses of golden glow.

The Isenbauer yard is completely fenced in, and a narrow flower runs around the west and south side of the yard. Starting at the front, hollyhocks and zinnias join the great phlox clumps, and as you come down the south fence there are petunias, a wild cucumber vine with its lacy white blooms, gallardias, shasta

daisies, a large Chinese elm tree, lilac, iris, columbines, pansies, more phlox, zinnias planted over now-dormant tulips, and turning the corner to the west fence, more phlox, hollyhocks, Virginia creeper and golden glow. A box elder shrub grows out of the lawn near the corner. There are peonies and dahlias planted at the southwest corner of the house, and two large stone jars at each corner of the paved area at the back of the house, one filled with white petunias, the other with red ones. The Isenbauers have painted their house a light blue, and they have the ground with which to do it, and they have not skimped with their use of color.

They have a practical side too, which shows in the neat vegetable garden which parallels the yard fence. The garden is set between the road and the front of the house. But it is the contribution they have made in the way of beauty which speaks of pride in their home, and their county which makes a lasting impression on those who pass their door.

State G. O. P. Seeks Candidate For 1958 Race For Governor

REPUBLICANS are looking for a candidate for governor. A once-rich field of aspirants in the party has been hit by drought and in months before 1958's November election there is no one, in sight.

Democrats have enough candidates for two or three elections. Gov. Williams at the moment is expected to be a candidate for another term. Since his re-election in 1950, he has set a new precedent for Democrats every two years.

It Williams seeks a sixth term, Lt. Gov. Philip A. Hart is expected to run against Senator Potter in 1958.

The annual Governor's Conference, Williams said he will "run for public office" next year and Hart would "fill in" for whichever one the governor decided not to seek.

Republicans, expecting a battle from Hart or Williams to keep Senator Potter in Washington next year, would like a strong ticket to help.

Potter and others have suggested Rep. Gerald Ford of Grand Rapids. The offer was immediately and politely rejected.

There has been talk of Rep. Alvin Bentley of Owosso taking a turn at the gubernatorial race. Bentley has indicated he prefers to stay in the House of Representatives.

Some seem predict that by 1958, House Speaker George M. Van Pelt (R-Zeeland) will have picked up enough following as a legislator to become a candidate for governor.

Van Pelt shrugs off the idea for now, content to serve as the House spokesman for Republicans and "work at one job at a time."

Back in the field of potentials is Rep. George Sallade, the outspoken young House member from Ann Arbor. He has differed often in the past with party policy and rebuffed its strategy in the House.

Sallade is a shrewd and powerful speaker, and he has put together most of the most ardent groups of critics in the party. Of his own candidacy, he said he is "a probable candidate."

Hart was, indeed, late in the last legislative session by Senator John P. Smeekens (R-Coldwater) who, referring to Williams' statement that the lieutenant governor would "fill in" in 1958, charged Hart publicly about "always being a bridesmaid."

Hart retorted: "I have enjoyed being a bridesmaid and I understand that it is also very pleasant being a bride. I have enjoyed my role and I thank the voters of Michigan."

Hart's departure for other arenas would bring the problem for Democrats of choosing a successor as lieutenant governor and presiding officer of the state senate.

The party has months to make the decision. Names most prominently mentioned are Senator John B. Swainson (D-Detroit), now in his second term, and Rep. Ed Carey (D-Detroit).

Both are minority leaders in the respective chambers. Carey, a candidate now for the Detroit City Council, prefers to stay near his family in Detroit after years in Lansing as a legislator.

Swainson, a young lawyer, is a strong possibility. THE STATE'S FIGHT against alcoholism reached new high points this year.

Civil Defense Week . . .

The White House has designated September 15-21 as the second annual National Civil Defense Week.

In last year's observance, every State and Territory participated. Federal departments, State and municipal governments took the opportunity to show their state of civil defense readiness.

The 1957 observance, with the theme — "Government in Emergency" — should give these same agencies a chance for self-evaluation, a period of determining just how much progress has been made in a year's time in their preparedness for disaster.

In the past 12 months, there have been great advancements in weapons development. It is no secret that an all-out attack on the United States would destroy not only a great number of cities, but also inflict heavy damage on rural areas, and spread radioactive fallout to contaminate thousands of square miles.

While this is a most gruesome picture, it is not complete unless one were to consider the natural disasters such as floods, hurricanes, and tornadoes which occur almost daily to tax the resources of government. Each year about 400 small and large disasters are reported in the United States.

Man-made disasters and natural disasters are fundamentally alike. And basically, they can best be met by strengthening the organizations we now have on hand. This means that there is an urgent need to continue to build civil defense readiness and capability into existing governments at all levels.

In this respect, the 1957 theme of National Civil Defense Week — Government in Emergency — is most appropriate.

U. S. News & World Report has published a long interview with Economics Minister Dr. Ludwig Erhard of the German Federal Republic. In explaining reasons for West Germany's remarkable postwar recovery, he said: "The more the principle of the free market can be applied, the more productive the economy and the higher the standard of living. Wherever a free-market economy prevails, there are sound currencies and no need at all for manipulating them. The more the functions of the market place are taken over by government planning, the greater the danger becomes that productive forces will be stifled and that individual initiative will suffocate."

Crawford County Republicans contributed heavily toward the vote given Frank D. Fitzgerald for the office of governor in the primary election Tuesday. And Senator Ben Carpenter of Harrison carried the county for re-election by a large majority over Ben Mercer of Clare.

Featuring an interesting display of mechanical equipment, including the latest developments of Henry Ford's great motor plant at Dearborn, the famous Ford V-8 Exhibit arrived in Grayling today for a showing at the Burke Ford Garage today and tomorrow.

Grayling Public School opened Monday morning, Sept. 10th, with an enrollment of 242 pupils in the upper six grades and 370 in the lower grades. This enrollment is approximately the same as of September 1933. Three new classes have been added this year. Chemistry is being given in place of Physics, which was taught last year. Public Speaking and 10th grade Community Civics.

Mrs. Stephan is making the trip by motor alone and will go to Stockton, Calif., to visit her mother, Mrs. John Murphy, expecting to remain there all winter. She expects to make her first stop at Salt Lake City.

Many Grayling home-owners may justly be proud of their gardens this summer. Most inspiring are those who make special efforts to make their gardens and Mrs. Frank Burnett always have a fine flower garden and specialize in gladioli. This year these have been outstanding and have won many fine compliments. Not the least of these is the high commendation given them by a well-known northern Michigan gladioli specialist, who claims their would win prizes in any glad show. They are also very successful in growing other varieties of flowers. Dr. and Mrs. Clippert produced this year the finest collection of dahlias that we have ever seen, even in well-known dahlias farms. Their plants are of the more unusual varieties, some of which have been as large as 10 inches in diameter, and the colors certainly have been gorgeous and beautiful. Among the plants, Mrs. Margaret Graham's Nels Corwin's, Miss Mabel Brastie's and Mrs. George Burke's gardens are beautiful with flowers and flowering shrubs. And there are many other homes showing

beautiful flowers, gardens. It is an inspiration to walk around town just to see some of our fine home gardens. For a number of years Mrs. Vera May Schofield, daughter of Mr. and Mrs. Dan Schofield, was united in marriage to Mr. Lawrence Galehouse on Saturday, September 1st, at Grayling. Rev. Shugg officiated at the ceremony.

The groom is one of our successful well-known physicians. He has a host of friends who will unite in extending best wishes to him and his bride. After spending a few days sight-seeing in Detroit they came to Grayling and will soon take up their home in the house lately occupied by Frank D. Phelps on Chestnut St.

Twin Bridges Mrs. Esther Horlick

The Jack Newton's cabin is occupied by his son and family of New Boston. Mr. and Mrs. Howard McCann were at their cabin over the week end. Mr. and Mrs. Irving Rooker of Saginaw were here over the week end. The Hoffmans of Indiana are spending some time at their cabin. The George Eimers of Saginaw are still up with us. The Earl Eimers of Saginaw spent the weekend at their cabin. At this writing Maud Carroll is a little better. We are all pulling for you Maud and hope you are soon able to be about again. Hope you and Clarence are feeling better now, Emma. The John Seidels of Detroit were here a few days visiting their parents, the Paul Loefflers. Mr. and Mrs. Tony Percha of Detroit were callers at the Fred Herrick home one day last week. The Bud Bollmans of Lovells had as their guest over the weekend their aunts and uncle Mr. and Mrs. William Jordan and Mrs. Maud Spear of Saginaw. Mr. and Mrs. George Olney and mother, Mrs. Susan Snook of Detroit were at their cabin for the weekend. In Memory Of Guy Loverton And Pearl Loverton Your gentle faces and patient smiles, With sadness we recall, You had a kindly smile for each and all. And died before

voice is still and stilled the heart That loved us well and true. Ah, bitter was the trial to part From one so good as you. You are not forgotten loved ones, Nor will you ever be As long as life and memory last We will remember thee. We miss you now, our hearts are sore. As time goes by we miss you more. Your loving smiles, your gentle faces, No one can fill your vacant places. "Blessed are they that mourn, for they shall be comforted." St. Matt. V. 5. City passed away August 1, 16 years ago. Pearl August 31, 2 years ago. Mrs. Maggie Leverton

SIAN GAUTHIER VOWS EXCHANGED

Given in marriage by her father, Joseph Sian, Miss Barbara Ann Sian became the bride of Garland Gauthier, on Saturday afternoon, August 31st. The Rev. Clare Olin read the ceremony at the Lovells Chapel. Miss Beverly Spaulding was the organist. The bride chose a gown of white nylon lace over tulle. Her veil was of fingertip length. She carried a bouquet of baby chrysanthemums. The bridegroom, son of Mr. and Mrs. Harvey Gauthier of Lovells, chose Carl Sian, brother of the bride, as best man. Miss Gale Gauthier, sister of the groom, was bridesmaid. She wore a gown of aqua chiffon over taffeta, with a sash of pink and white roses. Her bouquet was chrysanthemums. About 100 guests extended best wishes to the newlyweds at the reception held at the home of the bride's parents. The wedding cake was decorated with pink and white flowers. The happy couple made a trip across the Straits on their honeymoon, returning to Lovells afterwards until Mr. Gauthier's departure for the army last Tuesday, September 10th. Ford costs you less to run!

Ford proved its saving ways in the only nationally recognized test of gasoline economy—the 1957 Mobilgas Economy Run. A Ford Six delivered more miles per gallon than any other car entered.

Senator Potter reports

... the latest news from Washington
of special interest to Michigan ...

August 26, 1957

CHILLS AND FEVER, with
pains in head, back and legs, are
the first signs of Asiatic flu. Rag-
ing across Africa, the Middle East
and South America, epidemics
have devastated millions and by
the time it reaches the United States
it will have killed millions more.

The Asiatic type is not so severe but
the Public Health Service believes
many unrecognized cases are oc-
curring here. Authorities are
battling down the hatch, ready-
ing a new simple, fast test to
identify flu viruses, and re-
leasing first shipments of preventive
protection, experts say 17 to 34
million Americans could come
down with Asiatic flu this fall.

PRIORITY for Michigan on
vaccine is my goal. I've written
Surgeon General Leroy Burney,
reminding him that our densely
populated industrial centers con-
stitute real danger areas for spread
of infection. Michigan's key trans-
portation position and her port-
landed goods provide natural
entry-points for the disease. I've
also offered to assist PHS in pub-
licizing the immunization drive
through my radio and television
reports, carried over virtually
every Michigan station.

MICHIGAN'S FAIREST flew
into Washington last week to
thump tubs for the home state.
Blonde, blue-eyed Valerie Joy
Strong of Traverse City, sponsor-
ed by the Greater Muskegon Jun-
ior Chamber of Commerce, char-
tered official Washington from the
Vice President down. She was
chaperoned by another beauty,
Capital Airlines hostess Sandra
Buhl of Belleville. The girls
helped me present the first "Pass-
port to Pleasure in Michigan's
Water Wonderland" to Vice Pres-
ident Nixon. The "passport",
which I've sent to every Senator
and Cabinet member, carries
about thirty dollars' worth of com-
plimentary trips, tours, meals and
other Michigan attractions, and
even includes use of a new car
while in the State. With adjourn-
ment almost here, I expect the
passports, developed by our alert
tourist associations, to lure quite
a few officials into Michigan for
vacations, or at least encourage
them to make our State a stop-
ping-off point.

... FORTY MILLION of us who

own television sets have invested
our money on the assumption that
we could settle down in our liv-
ing rooms and dial programs with-
out further charge except an oc-
casional payment to the TV ser-
vice man. Now come the "toll
TV" boys, wanting to make slot
machine money out of the air.

Present last week, I pointed
out the dangers. "Pay TV" would
enable a few sharpies to clean up
financially by using broadcasting
channels, a resource belonging to
all the people. I'm opposed to it.
I can foresee the day when polit-
ical conventions, inaugurations
and great sports events will be de-
nied those without the price of
"admission" to their own TV sets.
It will be and indeed when a citi-
zen has a drop money in a slot to
see and get to know candidates
for public office.

PEQUAMING is Indian for
"wooded peninsula", but the vil-
lage was laid out in 1879 by an
Englishman, Charles Hebard, who
patterned it after the suburban
villages of his native country.
The Hebard family and son, op-
erated a sawmill and erected the
Union Church Building so that
they could attend services with
their mill hands.

Best wishes
CHARLES F. POTTER

CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY OFF THE ROAD!

An off-the-road run up Pikes Peak was called
impossible by people who know the mountain well.
But a production Chevrolet pickup actually did it
... to prove its pulling power and ruggedness!

Steep grade near timberline—a rugged test
of power. The power and torque of Chevrolet's
overhead valve 6-cylinder engine proved more than a match
for the most difficult grades.

Miles of loose boulders and thinning air offer
another challenge. Yet the big Chevy engine
never faltered; it performed flawlessly mile after
mile, all the way up the mountain!
